

QUALITY POLICY

Customer Focused

- Meet and exceed our customers' needs and expectations
- Make commitments we fully understand and believe we can achieve

Performance Driven

- Ensure that our products and services meet agreed upon requirements
- Monitor and continually improve our business, products and services, facilities and equipment and employee performance

Achieve Valley Design's Mission and Goals

- Expand and develop business growth worldwide
- Increase and broaden long-term customer relationships
- Maintain an instrumental role and diversify technology advancements, building on our broad-based expertise in precision lapping, polishing, dicing and CNC machining of a wide variety of materials.
